Your home
in **one app**

Peace of mind at your fingertips. Monitor, capture and share what is valuable to you

Nexxt Solutions introduces its new **Smart Home Automation Series**. Designed to suit your mobile lifestyle while building a safe environment inside and out of your home, the brand seamlessly unifies into one user-friendly application a comprehensive line of fully integrated devices. From smart plugs, power strips, bulbs and cameras to security kits, you can now take control and run your home devices, on your own schedule even when you are not home.

Our **Smart Wi-Fi camera** is the ultimate security solution for your home. This smart camera keeps a vigilant eye on your home when you can't be there, day or night. Simply plug it into any AC outlet and connect it to your existing Wi-Fi network, *no hub required*. It streams live video directly to your smartphone in full HD 1080p and allows two-way conversations remotely through the app. Personalized alerts will be triggered every time motion is detected. Video recording and playback is possible via a local microSD™ card of up to 128GB. With this versatile, impressive looking Wi-Fi camera, you can now see what's happening in your home when you're away.

Highlights

- Full HD 1080p quality resolution for sharp live stream and video playback
- Advanced motion detection
- No hub required
- 120° wide viewing angle
- Supports local storage through a microSD card of up to 128GB*
- Easy pairing and set up
- Share access with family and friends
- Supports two-way audio between phone and camera
- 24/7 video recording capability --never miss an important moment ever again
- Free APP provided, supports remote viewing on iOS or Android

* Smartphone and microSD™ card not included
