Make feeding times fun, easy and smart

Nexxt Solutions introduces its new **Smart Home Automation Series**. Designed to suit your mobile lifestyle while building a safe environment inside and out your home, the brand seamlessly unifies into one user-friendly application a comprehensive line of fully integrated devices. From smart plugs, power strips, bulbs and cameras to security kits, you can now take control, schedule and run your own home devices, on your own schedule even when you are not there.

As much as you may love your furry friend, no one likes those early wakeup calls wondering if it has been properly fed or not. Now it's time to relax. Just let the **Smart Wi-Fi feeder** from Nexxt Solutions do the work for you. This innovative feeder makes it easy for a cat or dog to get its meal, always on time and perfectly customized to fit its nutritional needs. This device not only promotes healthier eating habits by establishing consistent feeding times, but also allows users to control the frequency and the amount of food dispensed at any time, and from anywhere using a smartphone or tablet. A plethora of smart features in a sleek and modern design make this pet feeder unique. The built-in camera lets you see what your pets are up to in real time, and even remind them when it's dinner time by playing back your own message previously recorded in the feeder. A convenient way to feed the ones you love, and keep them happy, stress-free when you can't be there.

Highlights

• Automatic pet feeder, suitable for small-to-medium cats, dogs or other domestic animals
• Programmable schedules to define feeding times and the frequency of each meal
• Customizable portions will ensure the right amount of food based on the pet's unique needs
• The large-capacity container can hold up to 3.5lb of dry food, with portions from 0.35oz to a maximum of 2.46oz dispensed per individual meal
• The built-in HD camera allows you to check on your pets when they are home alone, and talk back to them anytime you want
• Supports local storage through a microSD™ card of up to 128GB
• Pet-proof design: the lid locks tightly in place to keep food fresh, dry and safe
• Dual power supply modes: the feeder runs on battery and AC power
• Detachable feeding tray and food container can be removed in seconds for easy cleaning
• Rugged and sturdy construction, it´s stable, durable and safe
