Peace of mind at your fingertips The ultimate rugged, wire-free security solution

Nexxt Solutions introduces its new **Smart Home Automation Series**. Designed to suit your mobile lifestyle while building a safe environment inside and out your home, the brand seamlessly unifies into one user-friendly application a comprehensive line of fully integrated devices. From smart plugs, power strips, bulbs and cameras to security kits, you can now take control, schedule and run your own home devices, on your own schedule even when you are not there.

Our **smart weatherproof Wi-Fi camera** is the ultimate wire-free, hassle-free security solution for your home or business. Built for the outdoors, this battery-powered camera keeps a vigilant eye on your areas of interest where no power outlets are within reach, and will work uninterrupted even during power outages. Simply install the supplied batteries in the device and connect it to your existing Wi-Fi network, *no hub required*. It streams live video directly to your smartphone in full HD 1080p and allows two-way conversations remotely through the app. Personalized alerts will be triggered every time motion is detected. Video recording and playback is possible via a local microSD™ card of up to 128GB. With this versatile and rugged Wi-Fi camera, you are now free to monitor any angle of your property year-round, rains or shine, with no strings attached.

Highlights

- Battery-powered, wire-free security camera
- Engineered for flexible and easy deployment just about anywhere, especially in remote locations where no electrical connections are available
- Option to plug it into a power outlet via its micro-USB port when needed
- Full HD 1080p for sharp live stream and video playback
- With an IP rating of 65, this camera can be safely installed both indoors and outdoors
- Its 105-degree lens offers a more complete view of any space
- Advanced motion detection, with an effective range of up to 33ft
- No hub required
- Supports local storage through a microSD™ card of up to 128GB
- Supports two-way audio between phone and camera
- Free app provided, supports remote viewing on iOS or Android™
- IR LEDs for night vision
