## Peace of mind at your fingertips. Monitor, capture and share what is valuable to you

Nexxt Solutions introduces its new **Smart Home Automation Series**. Designed to suit your mobile lifestyle while building a safe environment inside and out your home, the brand seamlessly unifies into one user-friendly application a comprehensive line of fully integrated devices. From smart plugs, power strips, bulbs and cameras to security kits, you can now take control, schedule and run your own home devices, on your own schedule even when you are not there.

Our **smart indoor/outdoor Wi-Fi camera** is the ultimate security solution for your home or business. Built for the outdoors, this smart camera keeps a vigilant eye on your areas of interest when you can't be there, day or night. Simply plug it into any AC outlet and connect it to your existing Wi-Fi network, *no hub required*. It streams live video directly to your smartphone in full HD 1080p and allows two-way conversations remotely through the app. Personalized alerts will be triggered every time motion is detected. Video recording and playback is possible via a local microSD™ card of up to 128GB. With this versatile and robust Wi-Fi camera, you can now actively monitor every corner of your property in real time, even under extreme lighting and weather conditions.

## Highlights

- Full HD 1080p for sharp live stream and video playback
- With an IP rating of 65, this camera can be safely installed both outdoors and indoors
- Its 85-degree lens offers a more complete view of any space
- Advanced motion detection, with an effective range of up to 33ft
- No hub required
- Supports local storage through a microSD™ card of up to 128GB\*
- Supports two-way audio between phone and camera
- 24/7 video recording capability --never miss an important moment ever again
- Free app provided, supports remote viewing on iOS or Android™
- IR LEDs for night vision

\* Smartphone and microSD™ card not included
