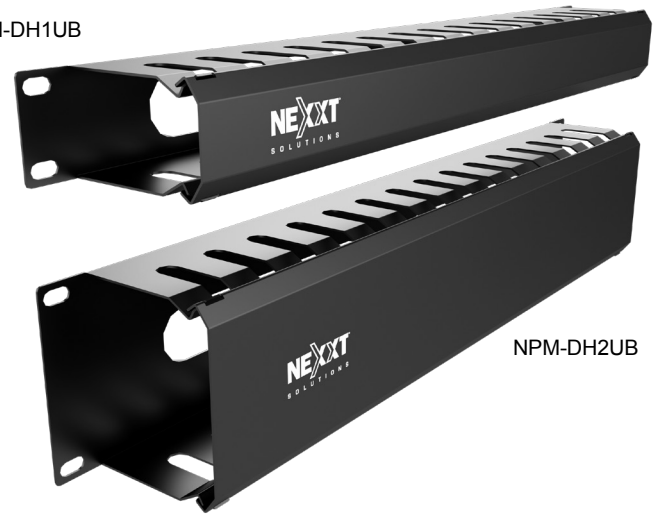
Horizontal cable management
19in/ 1U and 2U , duct type

NPM-DH1UB



NPM-DH2UB

Nexxt Solutions horizontal Duct cable management is designed to be mounted onto any standard 19-inch EIA rack or cabinet. Fingers have smooth edges and are widely spaced to give additional cable support, also allowing terminated wires to be installed, removed or rerouted easily. Its innovative cover provides full access to cables, while improving the appearance of panels by keeping small and large bundles of cords neatly organized.

- Follows ANSI/TIA/EIA-568 C.2 manufacturing standards
- One layer of electrostatic coating protects it against humidity, rust, scratches, peeling, strong acid and alkaline erosion.
- Black epoxy-polyester hybrid powder paint.
- For indoor use only, in environmentally controlled areas, may not be used outdoors, in industrial or harsh environments or in plenum spaces.
