

## Nexxt Quick Term Keystone Jack Fast Termination Tool

NPT-CCTRJ45

### Related products

### Exceptional interconnection capability for reliable data transmission

The NEXXT Quick Term Jack Termination Tool provides ultra-fast and precise terminations for 4-pair twisted pair cables, saving time and ensuring consistent connections. It features a heat-treated steel frame with a black oxide finish for increased durability and a comfortable grip handle that reduces fatigue, perfect for close-to-wall installations.

### Highlights:

- **Ultra-Fast Termination:** Optimize your installation time with the NEXXT Quick Term, capable of terminating jacks up to 8 times faster, saving you up to 1 minute per jack.
- **Impact-Free, One-Handed Operation:** No need for a flat surface or a punch down stand.
- **High Precision and Consistency:** Achieve flawless and reliable terminations every time, eliminating faulty connections and reducing jack waste.
- **Ergonomics and Durability:** Features a heat-treated steel frame with a black oxide finish for increased durability and a comfortable grip handle that reduces fatigue, perfect for close-to-wall installations.
- **Compatibility:** Compatible with NEXXT CAT6 and CAT6A keystone jacks, ensuring seamless integration with your network.
