

Success story Colombia

Santa Francisca Romana School

Santa Francisca Romana School is an educational community with the goal of preparing women in principles like peace and wellbeing, competence, values and skills to become leaders in the service of others; having the Christian faith and Franciscan spirituality as their foundation, for the benefit of their country and the world, especially to those in need.

Challenge

Implementation of a structured cabling solution to support 10Gbps data transmission according to the client's requirement, in order to keep the network active and segmented in data and voice points over IP.

Requirements

- Installation of a structured cabling solution with Cat. 6A UTP unshielded twisted pair cable, 4 pairs, LSZH 23 AWG.
- 10000 Mbps minimum data transmission support or better, and frequencies of 500 MHz.
- Total compliance of the Cat 6A ANSI/TIA/EIA-568-C.2 Standard, for the complete channel.

"The solution offered by *Nexxt Infrastructure* was chosen due to the support, reliability and warranty of the products installed, and the fact that they meet the current international standard.

Elver Montero – CEYT S.A.S"

Solution

CEYT S.A.S., certified Integrator from Nexxt Solutions in Colombia, implemented a Category 6A 'complete channel' solution. Including patch panels, stranded patch cords, keystone jacks RJ-45, and face plates.

Nexxt Solutions

A leading manufacturer of one of the most comprehensive lines of infrastructure, connectivity and surveillance products, with more than 15 years in the industry. Nexxt Solutions is a member of ACCVENT Group, headquartered in Miami, Florida.
